WSL-5 CLIPPERSHIP SILICONE CLEAR GUARD

PRODUCT DESCRIPTION:	Clippership Silicone Clear Guard meets Federal Specification SS-W-00110C specifications. This material is formulated to be a clear silicone mixture with water.	
BASIC USES:	Clippership Silicone Clear Guard is used to produce a moisture barrier on brick and masonry surfaces, but also allows for the structure to breathe and evaporate moisture.	
LIMITATIONS:	DO NOT HEAT container.	
APPLICATION:	Clippership Silicone Clear Guard must be applied to a surface that is dry and free of all foreign matter. This material may be applied by brush or spray equipment and should yield a coverage rate of 150 square feet per gallon on concrete or hard brick.	
STORAGE:	Clippership Silicone Clear Guard can be used year round and the only protection would be from weathering on the container.	
COMPOSITION:	Silicone Resin	Trade Secret
	Water	CAS 7732-18-5
